

## ACKNOWLEDGEMENTS

I sincerely appreciate my dear advisor Professor Ching-Tsai Pan for his generous guidance, support and encourage throughout this working toward the Ph. D. degree. His way of getting along with people and serious attitude toward scientific research has been a reference model for me.

I would like to express my sincere gratitude to Professor Sheng-Nian Yeh, Professor Bor-Sen Chen, Professor Chan-Nan Lu, Professor Sheng-Fuu Lin, and Professor Po-Tai Cheng for giving me many helpful comments and suggestions on this dissertation. Their comments make this dissertation more complete.

Special thanks also go to all those studying in Power Electronics Lab at *National Tsing Hua University* for their aid and encourage. It has been my great pleasure to work with them.

In addition, I would like to thank my parents-in-law, my husband, and my lovely children, Jennifer and Concord, for their endless love and supports during this study. Finally, this dissertation is dedicated to the memory of my dear parents.
